

## Inspection Policy

**It is the Inspection policy of EMC that;**

- We are committed to providing our clients with a “Quality Service” and that the service we provide meets all of our client’s requirements and expectations.
- We will ensure that the service we provide is in accordance with all applicable codes, standards and government legislation.
- We will ensure that there is adequate and competent manpower, and that they will operate with modern equipment and follow suitable procedures to carry out the scope of work. In addition, we will support the professional development of our workforce to develop their knowledge and skills.
- Our employees shall not engage in any activities that may conflict with their independence of judgment and integrity and all inspection activities will remain confidential between EMC and the client.
- EMC does not have any commercial, financial or industrial interests that might affect its independence.
- It is our mission to deliver exceptional service, which will contribute to our client’s success. To achieve our quality goals, controls are established throughout our company’s activities from the initial enquiry through to the provision of the service, and to ultimately meeting client requirements.
- Our Management System is in accordance with the requirements of ISO/IEC 17020 Standards and applicable regulatory obligations.
- Our high quality of service is due to our employees who contribute towards achieving our objectives. It is our aim to focus on continual improvement with the provision of advanced Inspection services to fulfill customer’s requirements.
- We strive continuously, to improve our level of service, in order to provide total client Satisfaction.

The Managing Director is responsible for ensuring the implementation of this policy and providing the necessary resources for implementation of the elements. The resources shall be adequate and readily available.
